

Mr Graham Wragg- Chair and Trust Governor

I first became involved in governance when my daughters were in Primary school, having been asked to become a parent governor by their school. This lasted for some 6 years, until a little time after the youngest left to transfer to The Snaith School to join her sister. Meanwhile I had joined the governing board of The Snaith School, again as a parent governor, and I am pleased to say that I continue to serve on the current board, even though my daughters have left the school, at present as Chair of a committee and as a Trustee.

It would be fair to say that I am one, if not the, most mature member of the current board and may be associated with a dry wit, and a common sense approach. The board always put the good of the pupils to the top of any agenda and are committed to the constantly improving education of all our pupils.

Personally, I believe in that my life experiences in a number of careers and raising my daughters as a single parent have been useful to me as a governor. The education of children of all ages is a complex endeavour, and I feel grateful that I can help in some way, to ensure that The Snaith School continues to provide the education its pupils expect and deserve.
